722 East 2730 North
Provo, Utah 84604

Dear Mr. Maxwell:

Re: Reclassification of File Status from DOE/047/024 to S/047/054, Atchee Ridge Mine, Uintah County, Utah

Thank you for your call on October 5, 1992. As discussed in our phone conversation and in the Division letter of August 13, 1992, the Division is reclassifying your operation. Please find enclosed another Small Mining Operations Notice of Intention (SMO-NOI) form for your use. Please complete the form and return it to the Division within 30 days.

As we discussed on the phone, a variance request should include a reference to the specific reclamation practice, justification for the variance, and a description of the specific mine area which the variance is requested for. Additional maps, sketches or photographs may also be helpful in explaining the situation at the site. Please attach additional pages to the form as needed. Prior to granting any variances, the Division will need to perform a site inspection. After receiving your form we will try to coordinate this inspection with you.

If you have any questions regarding this letter or the SMO-NOI form please contact me.

Sincerely,

Anthony A. Gallegos
Reclamation Engineer
